Agenda item 6c Application 22/03272/FUL

Dear Sir/Madam

Thank you for your email. I note that we received your objection back in September and this available to view on our website, however due to an issue which arose during the course of the application we had to change it to invalid. This issue has been resolved today and therefore the application has now been made valid and new consultations issued (which you received today). There have been no changes to the drawings on which you commented on previously and therefore you may feel there is no need to submit any further comment on this application as your previous comments are available to view on our website.

I hope this clarifies this issue for you.

Regards
Elizabeth Griffiths

Subject: RE: Shropshire Council Planning Application Consultation 22/03272/FUL - Unit 2 Central Car Park

I am confused by this notification, as the Town Council commented on this application in Sept. I see our comments are on the portal so why has a new consultation been issued?

Penny O'Hagan
Town Clerk
